Re: *Special Access Rates for Price Cap Local Exchange Carriers, WC*  
*Docket No. 05-25, and AT&T Corp. Petition for Rulemaking.*  
RM-10593

Dear Ms. Dortch:

On July 22, 2007, Alfred Mottur of Brownstein Hyatt Farber Schreck PC representing Global Crossing, Devendra ("Dave") Kumar of Goldberg, Godles, Wiener & Wright representing Mobile Satellite Ventures Subsidiary, LLC, and the undersigned representing PAETEC Communications, Inc. met with John Hunter of Commissioner McDowell's staff to discuss issues raised in these proceedings. Aryeh Friedman of BT Americas, Inc. participated in the meeting by telephone.

We pointed out that the companies represented at the meeting were and will be large purchasers of special access circuits from the RBOCs and other ILECs, and we stated that our businesses' experience confirmed the pricing trends identified in the 2006 GAO report on special access markets. We stated that these trends showed that the market is not competitive, and that the Commission needed to take action to ensure more competition in the special access market. We discussed the type of evidence that would be needed to demonstrate the continued market failure and the potential for creative solutions and new remedies to generate competition in this market.

Sincerely,

A handwritten signature in black ink that reads "Mark C. Del Bianco". The signature is fluid and cursive, with a horizontal line extending from the end of the name.

Mark C. Del Bianco  
Counsel to PAETEC Communications, Inc.
